ReliaBoard Deck Plank	490kg/m ²	490kg/m ²	12' -13.2kg 16' -16.8kg

- Made from Recycled Hard Wood Fiber Dust (40-60%), Virgin Polymer High Density Polyethylene (25-60%) & Zinc Stearate (1-10%). ****Green Mark Eligible****
- Designed and engineered in Ohio, The United States of America.
- **25-year limited warranty** for Residential & **10-year limited warranty** for Commercial.
- Guaranteed against termites, checking, splitting, decay, rotting and splintering, warping.
- Fade less: Ultra-Violet protection additives reduce harmful fading effects of the sun.
- Provide consistent beautiful coloured surface with no colour patches within each board, from board to board and lot to lot.
- Remain Comfortable: uses highly reflective, inorganic colour pigments to minimize the absorption of sun's energy and heat build-up.
- Available only in Cedar and Grey colour
- **Installs like traditional wood planks**
- Water absorption rate between 1.0 % to 2.0%
- Slip Resistant
- **Uses – Board Walk, Timber Deck, Marina Deck, Benches.**
